

# **BBCP Planning Meeting**

## **Denver Museum of Nature and Science**

### **March 25-27, 2011**

#### **Goals**

- (1) Agree on protocols for drilling, field sampling, core curation, post-drilling sampling, and data management
- (2) Develop on-site logistical plan (personnel, schedule, lodging, food, transportation etc)
- (3) Discuss and agree on initial BBCP scientific goals and scientific roles of BBCP participants
- (4) Discuss BBCP outreach activities

#### **Agenda**

##### ***Friday, March 25***

Day 1 – On-site drilling and logging plan, core handling, and core curation. Identification of issues that need further discussion on Day 2

8:00-8:45: Breakfast

8:45-10:00: Overview and discussion of agenda, drill sites, and stratigraphic targets

10:00-10:15: Break

10:15-12:00: Overview and discussion of drilling and logging procedures

12:00-1:00 Lunch

1:00-3:30: Overview and discussion of on-site sampling, core handling, core curation

3:30-4:00: Break (refreshments)

4:00-5:00: Continue discussion of on-site plan and identify unresolved issues

##### ***Saturday, March 26***

Day 2 – On-site logistical plan and science goals and personnel roles

8:00-8:45: Breakfast

8:45-10:00: Discussion of unresolved issues from Day 1 and data management plan

10:00-10:15: Break

10:15-12:00: On-site logistical plan – protocols, equipment, supplies

12:00-1:00: Lunch

1:00-3:30: On-site logistical plan cont – personnel, scheduling, lodging, food

3:30-4:00: Break (refreshments)

4:00-5:00: Science goals and roles (break out groups)

##### ***Sunday, March 27***

Day 3 – Science goals and roles and outreach

8:00-8:45: Breakfast

8:45-10:00: Science goals and roles (report from break out groups)

10:00-10:15: Break

10:15-11:00: BBCP outreach plans

11:00-12:00: Preview of Bremen sampling meeting
